Dear Mr. Henkin:

Happy new year! It has come to my attention that we never responded to your email from Dec 17 (below). Apologies! All Board members did receive a copy of your correspondence. A lot certainly has happened since then. I hope you are staying well.

Thank you for clarifying the points of concern that ASF has regarding the Missing Middle initiative. We will keep these in mind as we continue our Missing Middle study. We have several listening sessions coming up throughout the County. The first will be this coming Wednesday January 27. I'm sure you are familiar with our webpage. The times and dates of the listening sessions are there <https://housing.arlingtonva.us/missingmiddle/>

I know ASF has long urged us to engage Tischler Bise to do a modeling study in order to further inform our decision processes for approving new development. If you were at the Civ Fed meeting with us on January 4, you heard that we are about to engage them to work with us. I'm sure we will all be very interested to hear their analysis and the impact tools they will recommend using.

Again, my apologies for letting this response slip.

Sincerely, Libby

Libby Garvey
